WASHINGTON DISPATCHES

SHERIDAN DISCUSSED AS A PRESIDENTIAL POSSIBILITY.

General Vilas and Several Other Democratic Officials Who are Anxious to be Nominated With Cleveland—Leoprosy in South America—National News.

WASHINGTON, Aug. 2.—The recent occasional reference to Gen. Sheridan as a presidential candidate is giving friends of both Mr. Blaine and Mr. Sherman some uneasiness. I was talking with a strong Sherman man a little while ago. He was delighted with the unanimous endorsement of Sherman by the Ohio convention.

"But," he said, "how about this Sheridan boom? I am a little suspicious of that."

"Why so?" I asked. "Do you consider him a dangerous man for your candidate?" "I do consider him a very strong man," he answered frankly; "so strong that he might be taken up with great propriety, if the fight between Sherman and Blaine gets too hot to be comfortable for the prospects of the party."

"What sort of a race do you think he would make?"

"A very good one. Indeed, I don't see how he could possibly be beaten. There is nothing to be said against him, and he has the personal qualities that would make him exceedingly popular."

"What are those particular qualities, and what class of voters would they affect?"

"Well, his soldier record would, of course, give him the full soldier vote, which was a great deal divided in the last campaign. Then he would, of course, draw more of the Irish vote than, perhaps, any other man that could be selected. Then, too, he would get a greater percentage of the Catholic vote, regardless of nationality, than any other man thus far mentioned. I regard Sheridan as a strong man. I don't believe it would be possible for Cleveland to beat him. Of course, I am a Sherman man, but in case we can't get the party to unite on him, I think Sheridan would be an available candidate."

"There is more vice presidential timber around Washington about this time than I have ever seen in one small town. There is Gen. Vilas, who is working every point for all it is worth. Then there is Stevenson, his first assistant, who is ditto; Sparks, who thinks he is the only available man for the second place on the ticket; and Gen. Black, who is working quite as hard to make a record for himself in regard to pensions as to make a record for the department or for the president. Mr. Black thinks he is just the man to take that position along with Cleveland."

"Do they all admit that Cleveland is going to be nominated for the first place on the ticket?"

"Oh, that seems to be a foregone conclusion. Nobody denies and very few seem to have any doubt about it."

Leoprosy in South Africa.

WASHINGTON, Aug. 2.—In a report of the state department just issued, concerning leprosy in south Africa, many interesting and important facts are given. It is thought that the disease first appeared in Africa when the Dutch inhabitants of Cape Colony introduced a large number of Malay slaves from the Malay archipelago and the adjacent islands. The descendants of these Malay slaves are the most liable to attack by it, and it is much more prevalent among them. But the disease is spreading lately, especially among the European inhabitants, and the colonial government has been aroused to action. A large asylum is being built to accommodate the afflicted applicants for admission.

The cause of leprosy is not known, but it is known and has been fully established that it is hereditary and contagious, and therefore dangerous if once let into a community, for the disease is incurable and those afflicted with it never recover. But a healthy person, if he does not place himself in reckless contact with leprosy, is hardly ever known to catch the disease. It is a curious fact that animals of all kinds are afflicted with this disease and catch it from human beings; and if a diseased animal is eaten it is almost certain to impart the germs of the malarial to him. The report that leprosy has been discovered on the western coast, makes the subject one of special interest to us, and one that it will be well to look up.

ILLINOIS KU-KLUX.

They Preparing for Another Raid in Hardin County.

CHICAGO, Aug. 2.—A Times special from Harrisburg, Ill., says: Persons who have just returned from the interior of Hardin county, report that the Ku-Klux gang are preparing for another onslaught on the good people of that section. Since the James Belt assassination of last week, County Judge Jacob Hess, Logan Belt's wife and a number of others have received written notices to leave the county. The people throughout the county are terrified, and many are leaving without receiving the invitation extended to so many. The gang is beginning to warn people of other counties to get out of Southern Illinois.

Among these are friends of the late Logan and James Belt, who lived in the neighboring county of Gallatin. Not less than eight others who have received these notices have been waylaid and killed. A meeting of the citizens of the county is called for August 6, to devise means to ferret out the murderous mysteries. The gang is somewhat on the order of the Bald Knobbers, and are getting bolder with each successive crime. Earl Sherwood, one of the persons warned to leave Elizabethtown, has taken up his residence here for fear his life will be taken.

A Real Prince Arrives.

NEW YORK, Aug. 2.—Prince Varoukian, half brother of the king of Siam, arrived yesterday on the steamer Umbria. He was received by Collector Magone and other officials and escorted to the Fifth Avenue hotel. After seeing the sights of New York he will go west.

Poisoned Sausage.

HARRISBURG, Pa., Aug. 2.—A little son of Martin Dapp died yesterday soon after eating some sausage. Two other children were poisoned, and were saved with difficulty. The sausage came from Philadelphia.

MCCOY FOUND GUILTY OF MURDER.

The Jury Reached a Verdict After Being Out Over Sixty Hours.

PORTSMOUTH, O., Aug. 2.—The jury in the McCoy case returned a verdict of not guilty of murder in the first degree, as charged in the indictment, but guilty of murder in the second degree. This means life imprisonment for Alf McCoy. The jury had been locked up since 5 o'clock Friday afternoon, unable to reach an agreement. Last night they sent for Judge Dever and asked for new instructions, which were refused and the jury were locked in their room again. The verdict was given by Foreman A. K. Fenton at 10 o'clock and the jury discharged.

At 9:30 Alf McCoy, the prisoner, was brought into the court room. He had lost his swaggering air and self-confident ways that so disgusted everybody during his trial, and had the appearance of a man who feared the worst and had spent a sleepless night. The prisoner was neatly dressed in a Grand Army suit, clean linen, and was newly shaved. All his relatives were present, Robert, a brother, was so weak from excitement that he supported himself on his feet in the door frame leading to the anteroom. After the verdict congratulations were pressed on Alf by his friends, and his counsel filed a motion for a new trial. The verdict causes some dissatisfaction, and it is even reported all was not fair. But this is hardly probable, as Sheriff Yeager kept the jury too closely under guard to allow of their having been bribed.

The murder of Dr. Northup at Haverhill, a few miles from Portsmouth, occurred in May. How Alfred McCoy, the postmaster of Haverhill, who also kept a saloon, and his brother James, aided by James' son Pierson, took advantage of a petty quarrel over guinea fowls to assault the doctor in the street in broad daylight and in plain view of scores of witnesses and deliberately shot him to pieces is still fresh in the minds of the reading public. Dr. Northup was a Prohibitionist, who had labored zealously to close the McCoy saloon, the only one in the village. His efforts resulted in the feud that ended in the doctor's murder by the McCoy's. James and Pierson McCoy are now awaiting trial for complicity in the murder. Pierson's trial begins August 9. Alfred McCoy's trial lasted three weeks.

Mother Arrested for Poisoning Her Child.

ZANESVILLE, O., Aug. 2.—Mrs. Anna Snoots, wife of a well known resident of Adamsville, this county, was arrested last night and lodged in jail, charged with poisoning her six-year-old daughter, Carrie, who died very suddenly on the 26th inst. Suspicion being aroused, the remains were quietly taken up and sent to the eminent analytical chemist, Professor Curtis C. Howard, of Columbus, O., who telegraphed Coroner Ruth that he had detected in the stomach parison green in sufficient large quantities to have caused death. A horrible suspicion prevails in the neighborhood of Adamsville that this is not Mrs. Snoots' first crime, inasmuch as two other children had died some time ago in the same sudden way, with all the symptoms of poisoning. The motive for these crimes and all the evidence will probably be made plain to-day at the preliminary trial.

Sporting Notes.

Lucien Marc Christol, the light weight wrestler, is hippodroming at Mueic, Ind.

The Fairtax stables, owned by Mr. Walcott, of New York, will be sold at auction.

Hanover, the great three-year-old colt, owned by the Dwyer Bros., lost his first race of the year by running second to Lagard, owned by D. D. Withers. Hanover has won fifteen races, winning fourteen this year, and has an almost unparalleled career.

Oil Well Statement.

BRADFORD, Pa., Aug. 2.—In the New York and Pennsylvania oil fields 58 wells were completed in July, with a new production of 1,827 barrels. The dry holes numbered thirty-three. Compared with June, there is a decrease of twenty-one wells and of 4,553 barrels new production. At the close of July the record shows six new rigs, one hundred and seven old rigs and one hundred and forty-two drilling wells. This represents a decrease of twelve in the old and new rigs and an increase of eight from the figures of June 30. No wells of the gusher stripe were discovered in July and the decrease in new production is the marked feature of the report.

The Lily and Freddie.

CHICAGO, Aug. 2.—The Times this morning says: Mrs. Langry arrived in Chicago yesterday on a special train from San Francisco, accompanied by Freddie Gebhardt, and left for the east at 4 o'clock in the afternoon. Mrs. Langry was apparently in good health, and Mr. Gebhardt was, as usual, as attentive and solicitous as a valet. Mrs. Langry signed her name in person on the register at the hotel Richelli, but Freddie modestly declined to leave his autograph for the curious inspection of the crowd.

Lost in Speculation.

NEW YORK, Aug. 2.—The Sun states that \$275,000 have disappeared from the safe deposit vault of the estate of the late William Lattimer. Jerome L. Hill, executor of the estate admits that he lost the money in speculation. He was interested in the B. & O. deal and lost by its falling through. Suite to recover the money will be brought against I. B. Newcombe & Co., Lockwood & Crossman and Work, O'Keefe & Co., who dealt for Mr. Hill.

Postoffice Robbed.

SPRINGFIELD, Mass., Aug. 2.—The post-office at Thornbury was entered about 1 o'clock this morning by burglars, who secured \$400 in money and \$100 in stamps. A jewelry store in the same building was also broken into and \$400 in valuables taken.

Died at One Hundred and One.

CAMDEN, O., Aug. 2.—Mrs. Sarah Brown, aged one hundred and one years, one month and one day, died this morning. She was the oldest person in this county.

MCGARIGLE HEARD FROM.

HE ARRIVES IN CANADA AND IS INTERVIEWED.

He Says He Will Be Back in Chicago in Less Than Three Months and His Innocence Proven—His Arrest Ordered From Chicago—Dr. St. John Arrested.

SARNIA, Ont., Aug. 2.—Late last night the authorities here received orders from Chicago to arrest Boodler McGarigle, but up to this morning they have been unable to find him. McGarigle arrived here early yesterday morning on the schooner Blake. In an interview McGarigle said: "I will be back in Chicago in less than three months and when I come I will not be hounded as a rascally thief. This investigation that is now being held will develop my innocence of any corrupt act and will convince the people of Chicago that in spite of all the squealing that is made in court I am not implicated in any crooked transactions." The ex-warden declared that in his transactions with the county board and the men who sold goods to the county he acted simply as an agent, and he was compelled to do that or be forced out of his position. Not one cent of the money stuck to his fingers. He never dreamed of any such rascality as has been developed, and assured the reporter that it was as much of a revelation to him as it was to any one else in Chicago. McGarigle repudiated the idea that Sheriff Matson was a party to his escape, and regretted that he was obliged to impose on the kind heart and generous impulses of the sheriff, but his life depended on his keeping out of prison.

Capt. Freer, of the schooner Marsh, which was in the same tow with the Blake, says that when the detectives on the tug boarded his vessel and inquired for McGarigle he invited the entire crew into the cabin and opened a bottle of his choicest cherry brandy. When they came on deck not one of them could have told a fishing smack from a steamboat. When the Blake stove in the starboard quarter of the Marsh, McGarigle with tears in his eyes jumped aboard and begged Capt. Freer to put him ashore, which the latter did. The captain says he can hardly see how he is in any way liable, as when McGarigle got aboard of the Marsh she was on Michigan waters, and beyond the jurisdiction of the Illinois courts.

Dr. St. John Arrested.

CHICAGO, Aug. 2.—Dr. St. John was arrested at an early hour this morning by Deputy Sheriff Gross and locked up in the Harrison street station. He was charged with aiding and abetting in the escape of W. J. McGarigle. He was considerably taken back when he was arrested and refused to talk. He was nabbed before he was out of bed. Deputy Sheriff Graves was given a warrant charging Dill, the clerk, with the same offense, and left for that gentleman's residence. Dr. St. John's bail was fixed at \$20,000.

Boodler Sentenced.

CHICAGO, Aug. 2.—Judge Shepard this morning overruled the petition for a new trial in the case of Edward S. McDonald and William J. McGarigle, charged with conspiracy, and sentenced McDonald to a term of three years in the penitentiary. The motion for an arrest of judgment was also overruled.

LIGHTNING'S WORK.

A Number of Buildings Destroyed and Other Great Damage Done by Storms.

LANCASTER, Aug. 2.—The barn of Elias Reist, in Penn township, was struck by lightning during a heavy storm last night and burned with a large amount of crops and several animals. Loss, \$5,000; insured, Mrs. Abram Witmer, of Safe Harbor, while looking at the fire, dropped dead from excitement. The Port Deposit railroad bridge at Octorara was washed away. Henry Haller's barn at Rothville was also struck by lightning and burned.

Lightning's Work.

SOUTH NORWALK, Conn., Aug. 2.—During the heavy storm yesterday lightning struck the house of James Dillon and caused considerable damage. A young lady while walking on the road to Darien was struck by the electric fluid and instantly killed. A fisherman named Starr Keeler while lowering sail on his boat was struck, causing probably permanent blindness.

Barn Burned and Church Injured.

WATERBURY, Conn., Aug. 2.—During a severe thunder storm at Terryville yesterday afternoon lightning struck the barn of James Freston, burning it to the ground. The Catholic church was also damaged to the extent of \$500, a bolt entering by the steeple and descending to the auditorium, tearing off great quantities of lath and plaster.

Twenty Houses Damaged.

EASTON, Pa., Aug. 2.—Lightning yesterday damaged about twenty houses in Northampton, Pa., and eight in Warren county, New Jersey. Many cellars were flooded by heavy rains. The damage to streets and pavements in Boston and South Easton by washouts is estimated at \$12,000.

NEW YORK, Aug. 2.—James Martin, aged seventeen years, fell headlong from the Brooklyn bridge this morning. His fall was 130 feet, and was from the spot from which Professor Odium leaped to his death. He was employed painting the bridge. In his descent he struck the painters' scaffold and rebounded into the water. He was picked up by a passing tug and taken to the Chambers street hospital. His injuries were slight.

Death of an Exile.

MALDEN, Mass., Aug. 2.—Francis B. De-lasas, a well known citizen, died to-day, aged eighty-four years. He was a native of Spain, whence he was exiled for taking part in the constitutional movement in the early part of this century.

Jacob Sharp Growing Weaker.

NEW YORK, Aug. 2.—Jacob Sharp appears to suffer much from the heat. Last night he was very sick and complained of dizziness. This morning he was very weak and physicians were summoned.

LABOR TROUBLES.

No Settlement Expected of the Differences Among Iron Men—Elsewhere.

PITTSBURGH, Aug. 2.—No early settlement is expected of the differences between the Amalgamated Association of Iron and Steel workers and the iron manufacturers in reference to the "two job" system, the abolition of which has been demanded by the officials of the Amalgamated association. The manufacturers, while conceding that the system is detrimental to the interests of labor, asserted that the matter should have been brought up in conference, and declare their intention of a stubborn fight.

Reports received at Amalgamation association headquarters to-day state that the operatives at the iron mills in the following places are now on a strike: Akron, O.; Girard, Pa.; Hubbard, O.; Youngstown, O.; Painter & Sons and William Clark's Sons, Pittsburgh. Between seven and eight thousand men are idle in consequence.

Freight Handlers Strike.

ERIE, Pa., Aug. 2.—The situation at the docks is unchanged. There are about four hundred handlers and others in the strike. The China came from Duluth with a large number of Poles from a western railroad, but it was learned that they were en route to Buffalo to work. Great excitement prevailed, and threats were made against the Poles. The China and other Anchor line boats are unable to get coal here. The Anchor Line company has ordered all consignments to this point taken to Buffalo. The company shows no sign of yielding, and the strikers are firm.

Gloomy Outlook in the Hocking.

NELSONVILLE, O., Aug. 2.—At the miners' mass meeting Saturday night it was decided to discontinue work until advised by the state central committee what to do about the new change to a monthly pay, thus not recognizing the advice of John McBride and the Columbus board of arbitrators. A small number of men resumed work this morning and others are holding mass meetings at Straitsville, Buchtel and various other places in the valley. The situation looks gloomy.

Raiding Celestials.

BIG SPRING, Tex., Aug. 2.—News has reached here of a series of depredations committed early yesterday on several parties of Chinese laborers at work on the Texas Pacific railway. About midnight five mounted men rode into Odessa, sixty miles from here, broke into a house occupied by some Chinese section hands and robbed the inmates. The marauders then rode to Wardfield, ten miles away, and robbed another gang, securing \$130 and some clothing. From there they went to Midland and again raided a party of celestials and making off with \$350. The Chinamen were horribly abused, one being hung up by the neck until nearly dead, another badly beaten over the head with a six-shooter, and a third nearly killed in various ways. The Chinamen were at last so completely terrorized they gave up everything they possessed. After committing this last outrage the fiends left. Armed parties have been in pursuit during the entire day but nothing has been heard from the robbers. A similar outrage was committed at Moria station, several months ago. The perpetrators used the same brutal means to gain their end, some Chinamen being held on red-hot stoves.

Fought Sixty-Six Rounds.

PROVIDENCE, R. I., Aug. 2.—The long talked of prize fight between Bobby Burns and Alfred Janson, both of this city, took place this morning at a well-known resort in Warwick. The men fought with skin tight gloves and to a finish. The match was for \$200 a side and the state light-weight championship. Sixty-six rounds were fought in a little over four hours. Burns was fearfully punished about the face, which was all puffed up. Janson was also badly beaten about the face and body. The fight was finally declared a draw.

Fatal Quarrel Among Farmers.

EVANSTON, Ind., Aug. 2.—Late last night James Moore and Lewis Wolf, two farmers residing in Scott township, became involved in a quarrel at John Koersiller's saloon, six miles below here, and came to blows. Wolf was getting worsted when he drew a knife and slashed open Moor's left cheek and arm. Koersiller then took a hand, and knocked Moore down with a beer mallet, crushing his skull. The victim was brought to the city at midnight, and is now unconscious. His murderers have not been arrested.

Murder of a Sixteen-Year-Old Girl.

CHICAGO, Aug. 2.—This morning the dead body of a pretty white girl, about sixteen years of age, was found under the east end of the Eighteenth street viaduct. The clothing of the unfortunate girl was in disorder and covered with blood. All the circumstances indicate an atrocious murder, and the police immediately began a searching investigation.

A New York Failure.

NEW YORK, Aug. 2.—Gould & Henry, bankers, doing business at 67 Exchange place, this morning announced their inability to meet their engagements. Although the failure had been anticipated, their actual failure was a shock to their friends and customers. The firm's differences are said to be small, probably not more than \$10,000.

Dropped Dead.

BOSTON, Aug. 2.—Rev. William Kague, D. D., aged seventy-two, senior pastor of the Wollaston Heights Baptist church, dropped dead in front of Tremont Temple at 12:30 to-day. Mr. Kague had at various times been pastor of churches in Utica, Jamaica Plain, Albany, N. Y., and Providence, R. I.

Quarrelled at a Christening.

BROOKLYN, Aug. 2.—At the christening of a baby at Gates and Summer avenues last night, a quarrel resulted in a fight during which Dennis Hillen stabbed and killed Michael Mullen and perhaps fatally stabbed his brother James Mullen and Mrs. Annie Carroll. Hillen escaped.

Fire in Detroit.

DETROIT, Aug. 2.—Shortly before one o'clock yesterday morning, fire broke out in the large warehouse of Grummond & Company on the dock, foot of First street. A general alarm was sent in and the fire raged furiously for three-quarters of an hour. The loss will be heavy.

TUESDAY EVE., AUGUST 2, 1887.

The election yesterday was one of the quietest in this city and county for years. There was no hustling done on either side, and but little attempt was made to get out the full vote. The Democrats seemed to have faith in an old-time majority for the State ticket, and the local fight for Representative didn't prove warm enough to stir the workers up. The Republicans, however, did some better, and came nearer polling their full strength.

Unofficial returns from this county show that the Democratic majority on the State ticket is about what has been claimed all along—about 350. Gooding, for Representative, runs ahead of the State ticket, and his majority will reach, probably, 500. The Prohibition ticket, local and State, did not receive much of a vote. The same is true of the Union Labor ticket, and of the Independent Republican candidate for Representative.

Only partial returns have been received, and they are unofficial. They are as follows:

ROBERTSON COUNTY.
The Democratic majority is estimated at the following: Buckner, 200; Reynolds, (Senator) 150; Kenton, Representative, 375 or 400.

BRACKEN COUNTY.
The contest for Representative was a warm one. Reports indicate the election of Joseph Walton, the Democratic nominee, by 350 majority.

FLEMING COUNTY.
In Fleming the fight for Representative narrowed down to "whisky or no whisky." Hudson, Republican, was supported by temperance people of all parties, and defeats Hord, Democratic nominee, by 650 majority.

LEWIS COUNTY.
The Republicans, of course, carried Lewis. The majority for Hillis, for Representative, is estimated at from 300 to 500. At Tollesboro the vote for Representative stood Hillis (Republican) 146; Shown, (Democrat) 146; Rummans, (Prohibitionists) 14.

THERE were 7,000,000 trade dollars redeemed during the period fixed by the last Congress. Altogether the original holders are \$1,050,000 better off by the act providing for the redemption at full value.

The Democrats of Ohio have started out in their present campaign with excellent prospects of success. If they will keep right on in the good work inaugurated at their convention, the name of the Buckeye State's next Governor will not be "Fiddlesticks Foraker."

Tobacco Corners Itself.

One of the prominent warehousemen of Cincinnati in a recent interview on the tobacco boom is represented as saying: "Nobody has made a corner on tobacco. It has cornered itself. In forty years that I have been in the business I have never seen anything like it. I have about 3,000,000 pounds on hand which cost me between 4 and 5 cents. I have had six buyers purchasing for the past six months. The crop is short not only in Kentucky and Virginia, but even in North Carolina, a state of affairs that has never occurred before in my recollection. I think it will go higher. That which I held has already advanced to 16 and 20 cents, yet I am selling very little. It will be a year and a half before the next crop can be figured on. The crop this year is a fortune. The prices lately have been so low that farmers have not planted; in fact, there is no money for them at 4 and 5 cents. The Tobacco Fair comes off in September, and then I predict you will see prices higher than they ever were before in this county. Why, take even the coarsest tobacco that goes to Germany, even that has more than doubled. There are two firms, Lorillard, who last year used 28,000,000 pounds, and Liggett & Myers, 17,000,000, and that's about all the Kentucky crop."

A Prize in the Lottery of life which is usually unappreciated until it is lost, perhaps never to return, is health. What a priceless boon it is, and how we ought to cherish it, that life may not be a worthless blank to us. Many of the diseases that flesh is heir to, and which make life burdensome, such as consumption (scrofula of the lungs), and other scrofulous and blood diseases, are completely cured by Dr. R. V. Pierce's "Golden Medical Discovery" after all other remedies have failed. Dr. Pierce's treatise on consumption mailed for 10c. in stamps. Address World's Dispensary Medical Association, 603 Main street, Buffalo, N. Y.

Stock and Crops.

John Judy, of Bourbon, threshed four acres of wheat that yielded 42 bushels per acre.

Miss Mollie Laytham, of Donnerall, Fayette County, is visiting the family of Sheriff Perrine.

John S. Bradley, of Bracken County, sold 35,000 pounds of tobacco the other day to C. L. Gray at 17 1/2 cents a pound.

A valuable horse belonging to William McClelland, of Lewisburg precinct, had an eye accidentally knocked out the other day.

The acreage of tobacco planted in Grayson and Edmonson counties is about 5 per cent. of that last year. The drouth is injuring all crops in these two counties.

Farmers report the corn crop in Mason as greatly injured by the hot and dry weather. Some say the crop will be almost a total failure in many parts of the county unless rain falls in the next ten days.

The corn and tobacco crops of those parts of the county which have not been favored with a rain since the drouth began—about the 10th of June—are too much injured now to make a half yield.—Bracken Democrat.

John Steers, living in the Lewisburg precinct, had two of his best horses terribly cut up in a wire fence the other night. The fence had been put up a day or so before. One of the animals will probably die from its injuries.

William McClelland, of the Lewisburg precinct, finished threshing a field of eighteen acres of wheat the other day that yielded 296 sacks—about thirty-five bushels to the acre. It is a Virginia variety, introduced here a few years ago by Professor C. J. Hall, and will be sold for seed.

At Ruggles' Camp Ground.

The demand for cottages and rooms at the camp ground has been so urgent that the directory have had the second story of the hotel divided into rooms which will be let at \$3 each day of the meeting. There is also one room to let over the Children's Chapel. Any one desiring any of these rooms can write to Thomas Ruggles, Tollesboro, or I. M. Lane, Maysville, Ky. 2d2t

Notice to Water Consumers.

said David of old. He was probably prompted to make the above remark after trying some unreliable catarrh remedy. Had he been permitted to live until the present day, and tried Dr. Sage's Remedy, he might have had a better opinion of mankind. We claim that no case of catarrh can withstand the magic effects of this wonderful medicine. One trial of it will convince you of its efficacy. By druggists; 50 cents.

Esculapia Springs.

This charming resort is enjoying a very prosperous season. About two hundred guests are now at the hotel, and there are new arrivals every day.

Miner, B. Wallingford and Geo. Keith, of Maysville, and Charles Boyd, of Covington, were the best on the floor. M. Mrs. Boyd and Hoeflich took the prize as the most comical couple.

Next Saturday evening the ladies will give theatricals in the ball room, and the following Saturday a German will be given.

An End to Bone Scraping.

Edward Shephard, of Harrisburg, Ill., says: "Having received so much benefit from Electric Bitters, I feel it my duty to let suffering humanity know it. Have had a running sore on my leg for eight years; my doctors told me I would have to have the bone scraped or leg amputated. I used, instead, three bottles of Electric Bitters and seven boxes Bucklen's Arnica Salve, and my leg is now sound and well."

Electric Bitters are sold at fifty cents a bottle, and Bucklen's Arnica Salve at 25c per box by J. C. Pecor & Co., and S. P. Campbell & Co., of Aberdeen Ohio.

A Captain's Fortunate Discovery.

Capt. Coleman, schr. Weymouth, plying between Atlantic City and N. Y., had been troubled with a cough so that he was unable to sleep, and was induced to try Dr. King's New Discovery for consumption. It not only gave him instant relief, but allayed the extreme soreness in his breast. His children were similarly affected and a single dose had the same happy effect. Dr. King's New Discovery is now the standard remedy in the Coleman household and on board the schooner. Free trial bottles of this standard remedy at the drug stores of J. C. Pecor & Co., and S. P. Campbell, & Co., of Aberdeen Ohio.

OUR FOREIGN DISPATCHES

GENERAL BOULANGER AND M. FERRY TO FIGHT A DUEL.

Pistols Are the Weapons Selected By M. Ferry.—The Affair Creating a Sensation in Paris—Gladstone's Activity—Grisson's Statement Modified—Notes.

PARIS, Aug. 2.—The Figaro says that M. Ferry consented to receive Gen. de Ker-branch and Count de Dion, Gen. Boulanger's friends, at St. Die yesterday. They held two long conferences. M. Ferry doesn't refuse to fight in principle, but after a detailed explanation, referred the two gentlemen to his friends, Cassinier Perrier and Reynal at Paris. Gen. Boulanger's friends left St. Die last night for Clermont. M. Ferry remains at St. Die until the meeting. The Figaro thinks that the matter will be settled amicably.

Deputy Laur, who is one of the editors of La France, in an interview said: "The duel is an assured fact. Gen. Boulanger will not accept the flimsy explanations of M. Ferry who makes light of the epithet 'St. Arnaud de Cafe' saying that no insult was intended." M. Delafosse denies the truth of Deputy Laur's accusation to the effect that he, Delafosse, made overtures to Gen. Boulanger to head a coup d'etat in favor of the restoration of the monarchy. M. Delafosse has challenged M. Laur to fight a duel.

It is understood that the Boulanger-Ferry duel will take place with pistols. M. Ferry has the choice of weapons. The affair is viewed in a very serious light by Gen. Boulanger's partisans.

Gen. Boulanger has telegraphed his seconds to insist upon an immediate apology from M. Ferry or a duel.

The Grand Old Man.

LONDON, Aug. 2.—Mr. Gladstone continues to display great vigor. He makes speeches daily. He seems to be inspired with the belief that the Liberals are surely going to return to power within the coming year. There has been only one election this week. This was the election of M. T. C. Bearing, a Conservative, from a strong Conservative district in the city. There was no opposition.

Mr. Gladstone finds after a careful analysis of all the election returns from By elections held this year that the gain has been largely in excess of 11 per cent. In support of the strength of the Liberal party he says that the Liberals at the last general election cast 1,394,000 votes against 1,420,000 when they were united with the Liberal-Unionists. This difference of 11,000 votes, he thinks, will be more than made up by gains due to the dissatisfaction caused by the present ministers.

The new presentation of the cast is to show that the present ministry has no greater basis of security than the very narrow one of 150,000 odd votes. The concessions which the ministry has been obliged to make to carry their land bill have caused great dissatisfaction and apathy among their Tory supporters. Complaints are heard everywhere of lack of organization among the Conservatives, whereas the Liberals are active, energetic and disciplined.

Grisson's Statement Modified.

PARIS, Aug. 2.—The sixteen Parisian journalists who were accused by M. Georges Grison in Thursday's Figaro of having concocted a plan to blackmail certain ladies of rank by threatening to make public some damaging revelations contained in the Franzini testimony remain a mystery. The executive committee of the press syndicate of Paris has called on M. Grison and demanded the names of the blackmailers. M. Grison has been obliged to confess that they are unknown to him and modifies his statement of Thursday by saying that he believes they are for the most part penny-a-liners and not regular attaches of the papers which they disgrace.

Hanged for Murder.

LONDON, Aug. 2.—Alfred Sowrey was hanged at Lancaster today for the murder of his sweetheart. When the hangman went to Sowrey's cell for the purpose of pinioning him he resisted desperately and his cries could be heard throughout the prison. He refused to walk and had to be carried to the scaffold.

Raging Cholera.

LONDON, Aug. 2.—Advices from Calcutta say that cholera of the most malignant type prevails in Peshawar, in the northwestern part of India. During July there were three hundred deaths from the disease.

The Crown Prince Improving.

LONDON, Aug. 2.—Dr. Mackenzie reports that Crown Prince Frederick William is so much improved now that he expects very soon to discontinue the treatment for his throat altogether.

THE ROWAN WAR.

Only Armed Men at Moorhead—Troops En Route—Prospects for a Battle.

CINCINNATI, Aug. 2.—The Evening Post special from Lexington says: The Post correspondent has just had an interview with a railroad man who came down on an accommodation train from Morehead this morning. He says the last of the women and children left town last night on a freight, and that there is now no one in Morehead save those who intend to engage in the fight if one takes place.

If any attack is made on the Logan guard it will be made before the arrival of the troops which were sent here with Winchester in the hands of the attacking party. The Loganites would have little show of holding out against them for any considerable time.

By reason of the heavy brush around Morehead, the Tolliverites could approach within easy range of every house in the town without being seen by the guard. If a fight occurs it will be a desperately bloody one. Troops from Frankfort passed through here at noon today for Morehead.

A Daring Highwayman.

AUSTIN, Tex., Aug. 2.—A single highwayman held up two coaches near Dripping Springs, Blanco county, Friday night, and robbed the mail coaches of their contents, except two registered packages which he overlooked. He first stopped the coach from Fredericksburg, near where it was to meet the coach from Austin. He bound the driver head and foot and gagged him. When the coach from Austin came up he repeated his performance and rode off with the contents of the mail. The drivers do not think they could identify the robber.

Confined in a Mad House.

NEW YORK, Aug. 2.—Baron De Selliers, who claimed to be an American citizen, and who was confined in a Parisian mad house, arrived here yesterday from Paris, having

managed to free himself from detention. He acted in a very eccentric manner on the steamer and was regarded by the passengers as a crank or insane.

No Race Expected.

ROCHESTER, N. Y., Aug. 2.—Yachts in three classes the Lake Yachting association started in the race at Charlotte at 10 o'clock this morning. The wind is reported light, and fears are expressed that none of the boats will finish in the prescribed time.

Saratoga Races.

SARATOGA, Aug. 2.—This is the seventh day of the Saratoga meeting and the second extra day. It is very warm. The track is safe, but not fast. The attendance is very large. First race, one mile: Queen of Elizabeth first, Harry Russell second, Safe Ben third. Time 1:45. Odds 10 to 1 straight; Russell 3 to 1 for a place.

Second race, one and one-quarter miles: Swift first, Blunetti second, Springfield third. Time 2:18. Odds 2 to 1 Swift. Littlefield rode the winner. The race was between Swift and Blunetti all the way, the former getting the verdict by a short neck.

Third race, for three-year-olds, one and one-eighth miles: Pomona first, Bronzomarte second, Vosburg third. Time 2:30. Odds 5 to 1. Chappelle rode the winner.

Fourth race, three-quarters of a mile; Welterweights: Lelix first, Santa Claus second, Harrodsburg third. Time 1:14. Odds 6 to 1. Graves rode the winner.

Fifth race, selling, three-quarters of a mile: Tambouret first, Belle Taw second, Avery third. Time 1:17 1/2. There was no bid for the winner. Odds 8 to 1. Vincent rode the winner.

Tankee Fishermen as Pirates.

HALIFAX, Aug. 2.—A dispatch from Canoe gives particulars of alleged piracy by American codfishing vessels. Capt. Heckman, of the Canadian fishing schooner Torridon, declares that his trawl gear was wantonly destroyed and all his bait stolen. One of the schooners alleged to have been guilty of this outrage is the Everett Steele, of Gloucester, Capt. Forbes. This vessel has been charged with several similar offenses.

Jay Gould Not Banking in China.

NEW YORK, Aug. 2.—George Gould said to a reporter to-day in regard to the cable that Jay Gould was to start a \$200,000,000 bank in Shanghai, China: "I know nothing of the matter. If it was true I should and would have known it. You may deny it. There is no truth in it. America is large—quite large enough for us. We have no banking interests in China."

Flood in Georgia.

AUGUSTA, Ga., Aug. 2.—Heavy rains for the past few days have caused an enormous rise in the Savannah river, and the country above and below this city is flooded. A great portion of the city is also under water. Grave fears are felt for the safety of the Augusta canal, a body of water which is five feet above the city's highest street. Gangs of workmen are patrolling the banks watching for breaks. Many families and merchants are removing to places of safety. The damage already done to farmers and the city exceeds a million dollars.

The Rev. West a Murderer.

ST. LOUIS, Aug. 2.—Large quantities of arsenic was found in the remains of Miss Susie Beck, the victim of Rev. Thomas Abbott West, of Chesterton, Ind. Miss Beck eloped from Chesterton with the reverend rascal and came to this city, passing as his wife. July 2 she died suddenly, and the post mortem revealed she had been poisoned. Circumstances have been sent broadcast offering rewards from the murderer. The preacher is supposed to be in hiding near Chesterton, Ind., where his family still live.

Need Pronounced Insane.

NEW YORK, Aug. 2.—Charles H. Reed, Guitau's counsel, who jumped into the North river Saturday, was pronounced insane by the physicians at Bellevue hospital where he has been confined. It is not known what disposition should be made of him. He became a resident of this city after leaving Chicago, but for some months has lived in Jersey City.
